Property Description

Formerly occupied by established retailers Poundland and M&Co, this imposing building offers extensive, flexible accommodation spanning the entire depth of the building across ground and first floors. A new separate High Street entrance to the first floor level is proposed.

The property offers maximum flexibility: the dividing wall between the original two units can be removed to create expansive, wider floorplates, suiting a variety of occupational requirements. All areas of the property benefit from solid concrete floors with suspended ceilings fitted across the ground floor and much of the first floor.

The building provides impressive, versatile space suitable for a broad spectrum of uses falling under Use Class E and potentially other uses STPP (including retail, office, leisure, education, or medical/clinical sectors). The property is capable of being let, sub-divided into a variety of self-contained units across both levels. The ultimate configuration and use of the space is yet to be determined. As such, if you have space requirements from 557 sq.m (6,000 sq.ft) please call us to discuss.

The property is set to be further enhanced by the impending development of a number of new residential units, many of which will have external terraces and private entrances.

Key considerations:

- > Affluent and highly desirable Hertfordshire town centre location
- > Retail and commercial space suitable for a variety of alternative uses STPP
- > Agreement for Lease with national supermarket operator signed - Ground Floor Front 10 High Street
- > Wide variety of flexible space configurations available to let from 6,000 to 28,000 sq.ft
